To ensure fairness, names will be drawn from the pool for interested parties returning the form. Works will be exhibited in alphabetical order by last name (A-Z) of members in good standing as of June 30, 2007. Artists will be responsible for installation and take down of their work and will receive detailed information prior to the exhibition date. The Alliance will assist with publicity using information provided by the artist. The Alliance will reduce its commission to 25% for works sold in the Member Gallery.

If you are unable to exhibit during the month you've been assigned, your name will be returned to the pool. If you have exhibited in the Members Gallery within the past two years, you may re-submit your name to be considered in a second drawing, which will be held if any scheduling conflicts arise with the first round of artists chosen. If you have questions, please call 939-2787.
